The background is a dark, textured surface, possibly a rock face, with a large, stylized eagle carving. The eagle is depicted in profile, facing right, with its wings spread wide. The carving is deeply etched into the rock, creating a sense of depth and texture. The overall tone is dark and moody, with subtle variations in light and shadow highlighting the textures of the rock and the details of the eagle's feathers and talons.

OPEN HOUSE 2018

## ASSEMBLAGGIO MOTOCICLETTE

Ogni Moto Guzzi che percorre le strade del mondo è uscita da questo stabilimento. Qui ogni Moto Guzzi è stata assemblata a mano sin dal 1921, quando l'Aquila stabilì il suo nido tra queste montagne. E qui oggi si combinano magistralmente le migliori e più avanzate tecnologie con la artigianalità della più preziosa manifattura italiana. Così Moto Guzzi, coerentemente col valore della autenticità che da sempre la distingue, crea in questo luogo moto autentiche, fatte di materiali autentici. Motociclette pensate e realizzate da motociclisti per veri motociclisti.

## BIKE ASSEMBLY

Every Moto Guzzi that travels every road in the world came from this factory. Here every Moto Guzzi has been assembled by hand since 1921, when the Eagle established its nest in these mountains. And this is where the best and most advanced technologies are masterfully combined with the craftsmanship of the most precious Italian manufacturing. So Moto Guzzi, consistently with the value of authenticity that has always distinguished the brand, creates in this place authentic bikes, made of authentic materials. Bikes designed and built by riders for riders.

# ROCK(S) 'N' ROAD(S)

Overcoming seemingly impossible challenges is a thrill for a select few. V85 TT, the first and only Classic Enduro, is the perfect combination of two opposite worlds: enduro functionality and the elegance of classic lines. It draws inspiration from the enduro models from the '80s and the travel cult, enhancing the joy of daily discovery. Adventure for those who know how to tackle it, popular aesthetics to pay tribute to a timeless motorcycling culture. The sound of its engine is the soundtrack of the trip, evoking different sensations depending on the terrain and the landscapes being travelled. V85 TT is the only medium engine capacity enduro with cardan shaft final drive, Moto Guzzi transversal V engine and dual LED headlight with DRL that trace the shape of the Moto Guzzi eagle. Comfortable and with a strong personality, it thrills both newcomers and long-time Guzzisti.

# TRULY V7. JUST BETTER

The V7's dark soul reveals its eclectic and minimalist nature with an aesthetic that sets aside chrome in favour of matt black paint. The profoundly metropolitan dark matt look is complemented by a single-dial dashboard, a special saddle, a shortened front mudguard and light alloy spoked wheels. The V7 III Stone also has a new range of colours: Nero Ruvido, Grigio Granitico and Rosso Rovente.

# CONTEMPORARY CLASSIC STYLE

The heritage of the original V7 bikes has inspired an elegant motorcycle featuring generous chrome trim and shiny graphics that comes in Nero Inchiostro and Blu Zaffiro versions. The coloured band on the under-seat side panels matches the central band on the fuel tank, paying tribute to the unforgettable V750 S3 of 1975. This bike has a number of distinctive details, including spoked wheels with polished aluminium channels and black hubs, a dual-dial dashboard, the “old school” quilt-stitched saddle, and the chrome passenger hand grip.

# RACING INSTINCT

Manufactured in a numbered edition and following in the racing tradition of the eagle brand, the V7 III Racer is a true custom bike with incredible attention to detail. References to Moto Guzzi's sporting triumphs begin with the Rosso Corsa colour of the frame and swingarm, which take inspiration from the legendary red frame of the 1971 V7 Sport. These are perfectly paired with the graphics on the satin-chrome fuel tank dominated by a red eagle. The racing look can also be seen in the semi-handlebar and hump saddle, while the side panels and injector covers in black anodised aluminium are the work of skilled craftsmen. The versatility of this traditionally one-seat model can be seen in a standard type-approved two-seat version with special passenger foot pegs and Öhlins shock absorbers for more challenging road surfaces.

## URBAN COUNTRY

An unmistakeable look, with high-grip tyres, spoked rims and details that give the V7 III Rough its urban country style. Available in the Grigio Grafite colour scheme and a brand new Verde mimetico, the equipment includes a purpose-built seat with stitching, a passenger grab rail and a pair of aluminium side panels. The mudguards are made of the same high-quality material. The headlight frame is painted black and the fork stanchions are protected by classic rubber dust covers.

# METROPOLITAN BIKERS

Which V7 would you want to ride through the city centre streets? Moto Guzzi has the answer with the new V7 III Milano version. This model is an evolution of the V7 III Special with which it shares the same distinctive features, including the dual-dial dashboard, chrome exhaust and passenger grab rail, as well as glossy tank colours. In addition, it distinguishes itself with spoked wheels that lend it a more modern look. The standard equipment comprises high-end details like aluminium mudguards and side panels.

# DARK URBAN SOUL

Manufactured as a numbered, limited edition, the V7 III Carbon celebrates customisation, combining genuine V7 style with the fine, cutting-edge quality found in the numerous carbon fibre components, including sleek shortened mudguards and side panels, that underscore the youthful, dynamic nature of the Moto Guzzi best-seller. V7 III Carbon is clad entirely in matt black, a colour that offers a stark contrast to the red details: the Brembo front brake caliper, the logos on the side panels and the Eagle on the fuel tank. The “made in Mandello” mechanics are also striking, given the satin finished red cylinder head covers. The saddle features red stitching and boasts an innovative water-repellent and weatherproof Alcantara® covering, ideal for outdoor use. The tank cap, equipped with a locking mechanism, is made of anodised black billet aluminium. Likewise, the headlight frame and the injector covers are black. The model serial number is identified on a plate positioned on the handlebar risers. There are 1921 units available: this number was chosen because it recalls the year Moto Guzzi was founded.

A black and white image featuring a dark, marbled background with intricate, light-colored veins. The word "CUSTOM" is written in large, bold, white, sans-serif capital letters across the center of the image. The text is slightly transparent, allowing the marbled pattern to be visible through the letters.

# TRUE CHARACTER

The sturdy, high-quality materials come with refined finishes. Only the best will do to provide superior style that will last over time. The 850cc transverse V engine was designed to offer significant torque straight away. This, combined with the reduced weight of the engine, translates into an intuitive, immediately responsive riding experience that minimises effort and maximises fun.

# IRRESISTIBLY UNIQUE

Moto Guzzi reinterprets the straightforward and aggressive style of the legendary Bobber. The chrome elements make way for matt colours, while the short mudguard and high-profile tyres emphasise the bike's true grit. The 850cc transverse V engine, shaft drive and steel frame epitomise the essence of Moto Guzzi conveyed in true bobber style. Additionally, the first-class metal mudguards are perfectly suited to the imposing tyres, which deserve to be shown off with pride. Dark matt paint is applied to the steel tank and a chessboard graphic juices it up, highlighting the V9 Bobber's sporty nature.

Authentic, direct, irresistible. A tribute to the spirit of every true rider.
